## Adopt-A-School Program

### What is the Adopt-A-School Program?

Adopt-A-School aims to develop effective partnerships between schools and local businesses to benefit schools, industry and business.

### How does Adopt-A-School help?

- Builds on existing relationships between business and schools and helps form new relationships.
- Assists industry to meet future skills needs by providing young people with hands-on learning.
- Improves career education for students through joint activities between schools and business.
- Increase opportunities for students' workplace learning experience.
- Develops opportunities for teachers to gain industry experience.
- Increases business' understanding of the education system and encourages more involvement with business.

### What is a typical project like?

- Is set within a particular industry sector
- Runs to a project plan
- Delivers hands on learning for participants
- Targets specific groups of students
- Produces a finished product
- Celebrates the achievement through a community based event; and
- Awards participants
